

Illinois Banker And Kidnapers Killed When Speeding Car Upsets

KAMPSVILLE, Ill. (AP)—A bank official and one of two men who abducted him and his wife were killed Sunday night in an automobile wreck while being pursued by peace officers.

The dead were Harry Waldheuser, about 63, cashier of the Calhoun County Bank at Kampsville, and a man identified by Sheriff Paul L. Aderton as Thomas Underwood, about 26, of Washington Park, Ill.

Two Seriously Hurt

Mrs. Lela Waldheuser, wife of the cashier, a second abductor, Eugene Clifford Hubbard, about 26, of Collinsville, was seriously injured, the sheriff said.

He said an apparent attempt to force Waldheuser to go to the bank was forestalled when Mayor Jesse Campbell and his wife, neighbors of the Waldheusers, became suspicious of a car parked between the Campbell and Waldheuser homes and of the strangers in the Waldheuser house.

Crowd Gathers

A crowd of about 30 persons gathered about the Waldheuser home after Mrs. Campbell telephoned an alarm. Campbell said one of the men shouted to the group:

"You better get back or we'll kill them both. If you'll move away, no one will be hurt. We're going to take them with us for protection."

The mayor said there was an exchange of shots as the two men, with the Waldheusers in car as hostages, sped out of this town of 450 population about 45 miles north of St. Louis, but no one was hit.

The speeding car overturned on a curve about a mile out of town.

Constitution Big Item In Merger Of AFL And CIO

WASHINGTON (AP)—Top AFL and CIO leaders today tackle the biggest problem still in the way of merging their union organizations—a constitution for the proposed combined federation.

A joint unity committee of AFL and CIO chiefs planned to act on a draft carefully worked out beforehand. It was not made public but was said to follow closely the general merger principles agreed upon in Miami last February.

Convention In Fall

Approval of the constitution by separate AFL and CIO conventions and then by a joint AFL-CIO convention would be required later, but this was considered to be a formality once leaders of the two organizations agree.

It was learned that the AFL and

Brigantine Ends Cruise Of World

GLOUCESTER, Mass. (AP)—The 96-foot brigantine Yankee returned to her home port here Sunday after an 18-month, 40,000-mile trip around the world with a crew of 21 men and women, most of them college students.

Mayor Benjamin A. Smith extended a formal welcome to Capt. Irving M. Johnson, his wife, Electa, 49, of South Hadley, Mass., and Rochester, N. Y., and the other 19, who paid about \$4,800 each for the trip and the privileges of manning the sailing vessel.

The crew members gaily related some of their experiences on the seas and at the 100 ports of call.

They told of "earth divers" in the New Hebrides, where native men dove from trees to the ground with a strong twine tied around their legs to break their fall just as they hit the ground.

The crew also told of attending a ceremonial dance and dinner in New Guinea during which 1,000 young pigs, suckled by native women, were served to the huge gathering.

Committee Sets Up Priorities On Polio Vaccine

WASHINGTON (AP)—A government-sponsored committee worked today on details of a voluntary plan to allocate Salk polio vaccine amid demands from some quarters for rigid controls.

A second polio death was reported, meantime, among Idaho school children who had been inoculated.

The advisory committee was set up last week to recommend a system of priorities under which the scarce vaccine, when it becomes available for commercial use, would go first to those areas and age groups most in need of it. The group met under the chairmanship of Dr. Chester S. Keefer of the Department of Health, Education and Welfare.

Black Market Unlikely

Rep. Celler (D-N.Y.), who has introduced a bill for federal control of the vaccine, renewed a demand for such action in a television appearance Sunday, and the New York Herald Tribune made a similar demand in a front-page editorial.

Rep. Roosevelt (D-Calif.) criticized federal handling of the vaccine, but Surgeon General Leonard Scheele told another TV audience he was confident American parents would cooperate voluntarily.

Scheele discounted the possibility that any substantial vaccine "black market" might develop.

He renewed his insistence that the nationwide free vaccination of first and second-grade school children should continue despite the recall of vaccine produced by one of six makers—the Cutter Laboratories of Berkeley, Calif.

Checkup Continues

A panel of 11 medical experts including the vaccine's developer, Dr. Jonas E. Salk, of Pittsburgh, approved Saturday the withdrawal of the Cutter vaccine for further testing, but also urged that use of other brands be continued.

A public Health Service statement after the Saturday session said 29 cases had been reported in which children had become ill of polio after receiving the shots.

All but three of these cases, the service said, involved use of the

Young Wife Walks Out Of Wheelchair; Calls It Miracle

WICHITA FALLS, Tex. (AP)—A deeply religious young mother, reportedly imprisoned in a wheelchair four years, says "something told me to get up and walk" Sunday, and she did.

She and her husband call it a miracle.

Mrs. Anna Williams, 22, said she was strangely compelled to rise while watching a TV religious service with her husband, S. Sgt. William R. Williams, Sheppard Air Force Base. With them were a couple with whom they make their home, A. I. C. and Mrs. Harold Weeks, also of Sheppard.

Picks Up Baby

Said Mrs. Williams: "We were all praying, and something told me to get up and walk. I had a strange feeling from the bottom of my feet right to the top of my head."

She said she stood up, shoved her wheelchair aside, took a few steps and fell crying into her husband's arms. "I just walked and walked," she said. "Then I danced. I didn't get weak at all. I was surprised that my legs seemed strong and didn't get tired."

"Then I picked up my baby for the first time and walked across the floor with him."

Mrs. Williams called it "all God's doing. He saw fit for me

to be healed, and when he is ready you will be healed."

Her husband said, "It is a miracle. . . . God waited until we accepted the fact that he has healing powers."

Paralyzed At Waist

Mrs. Williams said she had been confined to a wheelchair since June 19, 1951. She suffered a broken leg when a car she was in collided with a train at Houston. Twenty months later, she said, she got polio, and, in 1953, was paralyzed from the waist down by myelitis—an inflammation of the spinal column which often follows polio. Her 2-year-old son Benjamin was born while she recovered from polio.

Mrs. Williams has no personal physician here. Doctors at Sheppard AFB, where she has had consultations, declined comment.

Mrs. Williams, who attended her Baptist church services in a wheelchair, came for services Sunday night. Everybody there saw her walk down the aisle to her seat.

She and her husband, whose home is Mill Valley, Calif., were excitedly planning a new, more active life today.

Blaze Blackens Florida Timber

LAKE CITY, Fla. (AP)—Fires destroyed more than 30,000 acres of timberland during the weekend.

The fires ranged from Columbia and Baker counties on the Georgia line to Lee County in south Florida. In between, big fires were going on in Flagler, Marion, Dixie and Volusia counties.

Lake City, a town of about 8,000 population 50 miles west of Jacksonville, was showered Sunday by cinders and ashes from the 7,500-acre Columbia County fire, which burned to within 10 miles of the city limits. A shift in the wind caused the shower to stop.

Detroit Airport To Be Terminal Of North Central

DETROIT (AP)—For the first time in years the Detroit City Airport is going to be sending out regularly scheduled airline flights.

North Central Airlines will extend service from Willow Run airport to the city terminal starting June 1. It will be the terminus on flights to the Upper Peninsula and Green Bay, Wis.

There will be four flights daily on the 30-mile Willow Run to City Airport route.

North Central announced its plans in connection with its inaugural Detroit-to-Chicago flights Sunday. There will be 6 daily Detroit-to-Chicago flights with stops at Jackson, Battle Creek, Kalamazoo, and South Bend, Ind.

Premier Retains Control In South Viet Nam Revolt

PUPPET BOSS FIRED—Absentee Emperor Bao Dai, in residence on the Riviera, has been deposed as chief of state of South Viet Nam by "a general assembly of the democratic revolutionary forces of the nation," which favors Premier Ngo Dinh Diem.

Evangelist Draws 2,547,365 Scots

GLASGOW, Scotland (AP)—Billy Graham said his six-week Scottish crusade was the largest evangelistic event in history. Television and telephonic hookups swelled his total to 2,547,365, he reported Sunday night.

Graham wound up his nightly meetings Saturday with a mammoth gathering of more than 100,000 persons at Hampden Park Stadium.

The American evangelist told a news conference that 52,253 persons made "decisions for Christ" during the campaign.

The response to Graham this year exceeded that during a 12-week revival he held in London last year. Audiences which heard him there directly or by relay totaled 2,047,330, and there were 38,447 decisions.

Chemical Workers Want Pay Raise

DETROIT (AP)—Parke, Davis & Co. and the CIO Oil, Chemical and Atomic Workers resume negotiations today in an attempt to reach agreement on a new contract.

The old pact expired Sunday, but the company and union have agreed to an extension on a day-to-day basis. Negotiators worked eight hours Sunday without settling their differences.

Parke-Davis, a leading manufacturer of the Salk polio vaccine, made a new offer late Saturday proposing a five-cent hourly wage increase and improve pension benefits. A company spokesman said the offer amounted to 12 to 14 cents an hour.

The union, representing 2,000 members of Local 176, has demanded 10 cents more flat wage increase for male workers and 15 cents for women.

Recount Of April 4 Election Unlikely

LANSING (AP)—A recount of the April 4 spring election appeared today to be unlikely.

The Democratic State Central Committee decided at a Sunday session it would not ask for a recount if the Republicans did not—and the Republicans indicated informally they wouldn't.

Thus it appears that the Board of State Canvassers will decide this week to let the election go into the books as it stands in the official canvass.

The official canvass, in the three closest races, shows Dr. Clair L. Taylor, Republican State Superintendent of Public Instruction, the winner over Democrat Lynn M. Bartlett of Grosse Pointe Woods by 3,001 votes; Republican incumbent Stephen S. Nesbitt of Fremont the winner for State Board of Education over Democrat John M. Veale of St. Clair Shores by 1,677 votes; and Dr. Connor D. Smith, incumbent Democrat from Standish, the winner of one seat on the State Board of Agriculture, over Dale Stafford, Republican of

Boy Drowns In Bay At Escanaba; Two Saved As Boat Tips

One Escanaba youth was drowned and two others narrowly escaped death in Little Bay de Noc just north of Sand Point when their overloaded small boat capsized Sunday morning while they were paddling out to go perch fishing.

Eugene Krause, 16, son of Mr. and Mrs. Fred R. Krause Jr., 828 S. 19th St., was drowned in the accident that occurred at 7 a. m.

Young Gangster Kills Son Of Crime Crusader

NEW YORK (AP)—A smiling, cynical youth gang member was held today in the slaying of a 15-year-old model boy whom he mistook for a member of a rival gang.

Frank (Tarzan) Santana, 17, was charged with homicide in the death of William Blankenship Jr., an honor student and high school football star.

The killing broke the slain boy's father, a civic leader and fighter against juvenile crime.

Said William Blankenship Sr., a research chemist:

"We're going to take the boy to Pennsylvania—where he was born in the blue Poconos—and we're going to put him into clean dirt."

"Then we're going to leave this city. We're whipped. We've been caught and crushed."

A group of teen-aged girls cheered Santana as he was taken to a police station Sunday for fingerprinting and photographing.

"I love you, Tarzan," shouted one of the girls.

Santana laughed and triumphantly shook his handcuffs.

Police said young Blankenship was cut down by a bullet from a foreign-made automatic fired by Santana Saturday night in the Bronx. Blankenship was on his way to the movies with a friend.

(Please Turn To Page 6, Col. 8)

His body was recovered at 9:25 a. m. from about 11 feet of water.

The drowning was the second in Delta County so far this year. Roger King, 30, of Rapid River, drowned in Little Bay de Noc on April 18 when he fell from a boat after standing up in it to untangle fish lines.

Two teen-agers rescued by fishermen were Lee Roy Cooper, 14, of 624 S. 19th St., and Philip Sarasin, 16, of 623 S. 19th St.

Boat Overturns

Sarasin nearly drowned before he was caught by the hair and pulled from water. On shore he was given artificial respiration and when revived was removed to St. Francis Hospital for treatment of shock. He will be released from the hospital today.

The Cooper boy, who had tried to get the Krause boy to cling to a kapok life cushion, was swimming toward some pond net stakes when he was picked up. The accident occurred about 300 yards north and west of the Coast Guard lighthouse station.

The three boys had gone to the yacht basin and there found a small duck boat which they paddled into the bay toward a perch fishing spot. The small boat overturned and spilled all three into the water. They began calling for help.

Sarasin Revived

Police Officer Harry Wait, on patrol at 7:11 a. m., was signaled in the park by Arvid Bosk of 306 N. 14th St., who said that a boat had tipped over and three men were struggling in the water. Officer Wait radioed to the police and fire stations and asked that the Coast Guard also be summoned.

Further out, three fishermen also heard the calls for help and went to the rescue. In the boat were George Shomin Jr. of 1620 8th Ave. S., John Kroll of 421 Sheridan Rd., and Jack Flath of 804 S. 13th St.

ITALY'S PRESIDENT—Giovanni Gronchi, 67, left-wing Christian Democrat, is Italy's new president, succeeding Luigi Einaudi, 81, by a 589-70 landslide. His election is believed by political observers to peril Prime Minister Mario Scelba's Center party reign.

U. S. Steel Board Chairman Quits

PITTSBURGH (AP)—Board Chairman Benjamin F. Fairless of U. S. Steel Corp. resigned today. He will remain a director and member of the finance committee.

The company made the announcement on the eve of Fairless' 65th birthday. The traditional retirement age at U. S. Steel is 65 although there is no compulsory retirement age at the company.

Fairless is attending the company's stockholder's meeting in Hoboken, N. J.

The company said a successor probably will be named Tuesday. In announcing his resignation, Fairless said he would "surrender the responsibility of my office to capable and younger hands."

Admiral Reports On Formosa Today

WASHINGTON (AP)—The White House announced today that Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, will report to President Eisenhower Tuesday on his trip to Formosa.

Press Secretary James C. Hagerty said he did not know whether Radford would be joined at the White House Conference by Walter Robertson, assistant secretary of state for Far Eastern affairs.

Lansing Lawmakers Begin Busy Week; Night Sessions

LANSING (AP)—The Michigan Legislature faces a stiff work schedule this week.

Under a series of automatic deadlines, each chamber must pass all its remaining non-fiscal bills by Friday—and both House and Senate taxation and appropriation committees must report out their money bills.

Legislators returning from a weekend recess faced early night

sessions tonight and day-long meetings all week, with the possibility that lights will burn late in the Capitol on several nights.

Tax Plans Conflict

Both the House and Senate have different versions of an increased business receipts tax on their desks to be passed this week. The Senate bill would raise about 12 million dollars more and the House bill about 30 million more—but the real fight is over conflicting formulas in the two bills as to how the tax is to be applied.

A settlement of this dispute is

not due for several weeks yet. Each chamber is expected to pass its own bill and then throw the two into a conference committee.

The Senate will return tonight to another controversy, the once-defeated bill to extend the Conservation Commission's discretionary power over the Lower Peninsula deer herd.

Delayed By Absentees

Sponsors claim enough votes to pass it on a second try, but have delayed balloting because of absenteeism in the chamber.

The Senate also will return tonight to a delayed debate on an unemployment compensation bill which last week aroused a small storm. Sen. Harry F. Hittle (R-East Lansing) is trying to exempt business which come under the law voluntarily from paying what he calls "inexcusable" extra charges.

Tomorrow the Senate has scheduled a decision on a bill to allow "squatters" on former Great Lakes bottom lands to acquire clear title to their homesteads.

The House Tuesday will return to a bill taking the first step toward establishing a branch of the University of Michigan in Flint.

A debate is scheduled for tonight a bill to make the State Superintendent of Public Instruction an appointive officer.

Grandstand Burns

GREENSBORO, N. C. (AP)—A windswept fire burned a wooden grandstand at the Greensboro Fairgrounds track Sunday. It collapsed minutes after more than 2,000 stock car racing fans had rushed to safety.

Four minor injuries were reported.

Absentee Puppet Ex-Emperor To Be Booted Out

SAIGON, South Viet Nam (AP)—Back in the saddle after beating down an attempted week end coup, embattled Premier Ngo Dinh Diem launched a new offensive on Chief of State Bao Dai today.

The premier's office announced a national assembly would meet here Wednesday to depose the absentee ex-Emperor who tried unsuccessfully to oust Diem last week.

Backed By U. S. A.

Diem issued the announcement after conferring with U. S. Gen. J. Lawton Collins, President Eisenhower's special envoy who returned by plane from Washington today. Shortly after the general's arrival, U. S. charge d'Affaires Randolph Kidder told newsmen at the airport American backing for the anti-Communist Premier still stands.

The French were expected to oppose strongly any move to oust Bao Dai. They had reinstated him as chief of state in 1949. Rarely a resident of the country since the end of World War II, the ex-ruler has been at his chateau on the French Riviera for the past year.

Rebels Reopen Fire

(The Frency News Agency in a dispatch from Saigon reported today that remnants of the rebel Binh Xuyen private army, which in a two-day civil war last week tried unsuccessfully to overthrow Diem, had reopened fire with mortars today on national army posts near Cho Lon, the Chinese suburb of Saigon. A later French dispatch to Paris said Diem's army at 5:45 p. m. Saigon time attacked "several hundred" Binh Xuyen troops in Cho Lon.)

Diem's office said Bao Dai would be deposed by a "states general" assembly to be made up of provincial councilors from South Viet Nam's 39 provinces.

The announcement said the assembly had been summoned by the national revolutionary committee of 18 political parties and 35 Vietnamese leaders. The committee had bitterly denounced Bao Dai Saturday as a French puppet and said he must be deposed.

Diem's office said the Premier's Cabinet and the national Army had approved the assembly call.

The Premier was closeted for an hour with Collins soon after the U. S. envoy arrived from Washington. Collins also reiterated that the United States supports his government.

Troops Mop Up

Late in the afternoon, four battalions of the national army headed by Col. Nguyen Va Minh, commander of the Place de Saigon, stormed over three bridges leading to Binh Xuyen areas on the other side of the Chinese arroyo.

There was slight resistance from rearward units of Gen. Le Van Vien. The government objective was to mop up two Binh Xuyen battalions and permit five battalions that have deserted Viet to come over to the army.

Not since the crisis began nearly a week ago has the Premier talked with Gen. Paul Ely, the French commissioner general.

Hostility toward the French has mounted since French Premier Edgar Faure declared publicly in Paris Friday that Diem had shown lack of capability in handling the situation here.

Two Injured In Auto Accident

Philip Arnold, 17, of Hermansville Rte. 1, got into trouble with two departments of the law as a result of an automobile accident at 11:20 last night on US-2-41, three miles west of Escanaba, in which two persons were injured.

The automobile accident occurred when a car driven by Louis Dubord Jr., 20, of Bark River, slowed to make a left turn. The car driven by Arnold, traveling behind Dubord's car, struck Dubord's car in the rear. Dubord and a passenger, Doris Bowman, 18, of Escanaba Rte. 1, suffered shock and both were taken to St. Francis Hospital.

Arnold was ticketed for driving at excessive speed for driving conditions. State police was investigated the accident and also found several black bass in a pail in Arnold's car and the Department of Conservation arrested Arnold for illegal possession of bass during the closed season. He had caught the bass in a smelt net while dip netting for smelt.

Arnold was fined \$5 and \$2 costs for the excessive speed charge and \$10 plus \$9.35 costs for the illegal possession of bass. Damages to the Dubord car were estimated at \$250 and damage to the Arnold car were estimated at \$125.

Cancer Society To Receive \$400 From Smorgasbord

The Delta County Cancer Society will receive approximately \$400, representing the gross proceeds of a smorgasbord Sunday at Jack's Restaurant in Rapid River.

Approximately 600 persons were served until the restaurant ran out of food at 7:30 Sunday night. More than 200 persons had to be turned away. Patrons came from Marquette, Munising, Manistique, Gladstone, Escanaba and surrounding communities.

In addition to Mr. and Mrs. Miller, the following persons donated their services in preparing and serving the food: Mrs. Robert Hamilton, Mrs. Edward Gorham, Mrs. William J. Miller Sr., Arabelle King, Mabel Schram, Yvonne Thibault, Mary Margaret Miller, Annette Sally, Joan Holmlund, Wm. J. Miller Jr., all of Rapid River, and Mrs. Walter Olson, Gladstone. Mr. and Mrs. Miller donated all of the food served.

Home Show Success:

Estimated 10,000 Attend Jaycees-Sponsored Event

An estimated 10,000 persons attending the first annual Escanaba Home Show made the event an "unqualified success," according to the sponsors, the Escanaba Junior Chamber of Commerce.

Thirty-four merchants and dealers exhibited at the Home Show held in the exhibition building at the U. P. State Fairgrounds on Friday, Saturday and Sunday. In addition to the displays of materials, furnishings and equipment for the home, auto dealers joined in sponsoring a display of new cars.

Merchandise awards whose total value was in excess of \$1,000 were distributed during the period of the Home Show. Awards winners for Saturday and Sunday were reported by Ben Johns, Jaycees prize committee chairman, as follows:

Grand prize, 21-inch television set, to Morris Depuydt, Rock; Mrs. Francis Donovan, 429 S. 14th St., aluminum roll awning; Harry Menard, 327 S. 12th St., folding tray; Mrs. Ed Strom, 1418 Michigan Ave., Gladstone, saw.

Ed Boissineau, 306 S. 14th St., steak knives and carving set; Mrs. F. Rodicker, 1417 Wisconsin Ave., Gladstone, world globe; Barbara Webber, Powers, mattress; Mrs. James Wilson, Cooks, floor lamp; Mrs. R. Meyer, 211 S. 17th St., end table.

The Saturday evening grand award, an easy chair, was presented to M. A. Wegner, Ensign. Other winners on Saturday were as follows:

John Shanahan, 330 S. 16th St., basket of groceries; Mrs. Lilly Anderson, 930 S. 17th St., table lamp; Mary Hurlman, 1808 Ludington, steam iron; Mrs. Ed Collegnon, 1110 N. 18th St., end table; Mrs. Edward M. Davis, 1228 Montana Ave., Gladstone, floor lamp.

Calumet & Hecla Offers To Purchase Goodman Lumber Co.

CHICAGO—Calumet & Hecla, Inc., has agreed to offer to exchange shares of its stock for the stock of the Goodman Lumber Company, Goodman, Wis. This transaction would make the Goodman Lumber Company a subsidiary of Calumet & Hecla.

Calumet & Hecla does not contemplate changing the Goodman operations or personnel. The Goodman company's forest operations will continue on a sustained yield basis. The annual increment of timber growth will be harvested by selective cutting.

The Goodman Lumber Company is an important producer of northern hardwood lumber, dimension stock and veneer. It has 70,000 acres of forest lands in Wisconsin, and operates a sawmill, a veneer mill, and a planing mill.

Council Starts Budget Study

The Escanaba City Council will meet at 2 p. m., Tuesday in City Hall in the first in a series of special meetings connected with a study of the 1955-56 budget for the city of Escanaba. The city's fiscal year will begin July 1.

At the meetings, the Council will review the budget requests of various city departments and the recommendations of City Manager A. V. Aronson as submitted in a tentative budget for the coming year.

The Escanaba Civil Service Commission met on Saturday in City Hall to discuss salary increases requested by city employees. Employees of the electrical union have submitted a request for a 10 per cent salary increase, and members of the union representing the other employees have requested an increase of 5 per cent in pay.

No recommendation was made by the Civil Service Commission to the city Council on the matter, but the requests were referred to the Council for further consideration.

The Civil Service Commission also adopted a plan for promotional examinations.

Credit Union League Plans U. P. Institute

One-hundred credit union officers and members are expected for the 1st Weekend Institute of 1955, sponsored by the Michigan Credit Union League at the Michigan College of Mining in Houghton May 6-8. They will come from the 50 credit unions in the Upper Peninsula to participate in workshops in credit union fundamentals as well as advanced courses in consumer credit, art of communication, and skills of group leadership. The faculty for the institute will include John Hawley of the University of Michigan and Richard A. Tempola of the Michigan College of Mining, who will handle advanced courses.

The Institute is the first of the 1955 series prepared by the training department of the Michigan Credit Union League. Others will be held at St. Mary's Lake in June and at Port Huron in September.

North Central Gets Chicago-Duluth Run Through Green Bay

WASHINGTON (AP)—The Civil Aeronautics Board (CAB) Friday authorized North Central Airlines to operate one round trip a day between Chicago and Duluth by way of Milwaukee and Green Bay, Wis.

The CAB at the same time ordered an investigation to determine whether that part of North Central's certificate, authorizing service between Chicago and Duluth-Superior, should be amended to permit the air line to schedule service to less than its present minimum of four intermediate points.

The investigation also will determine whether Northwest Airlines' authority to service Duluth-Superior should continue under suspension.

First Country With Atom Navy Will Rule Seas, Says Admiral

DETROIT (AP)—A top admiral says that "the country which is first to complete an atomic powered navy will be supreme on the seas" and that "partial success in this field will be no better than suicide."

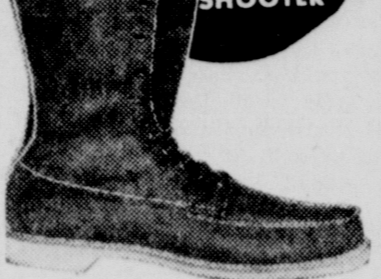

Admiral Emmet P. Forrester, commandant of the Ninth Naval District, made the assertions in a speech to the Military Order of Foreign Wars Friday night.

In detailing some "new things" in the Navy, Forrester said that "we are now testing a whole new family of jet seaplanes which will open a new field of naval aviation" and that "great effort" is being made toward perfection of guided missiles for naval warfare.

"These missiles," he continued, "are changing the Navy as much as did the change from wooden to iron ships."

Junior C-C Has Earned Public Thanks For Home Show Project

THE Escanaba Junior Chamber of Commerce scored a major success with its first annual home and auto show, held at the U. P. State Fairgrounds Exhibition Building during the past weekend.

When the Jaycees first launched their plans for this event, they did so as a gamble. They did not know whether the idea would take hold or not or whether they could come out of the venture without sustaining a heavy loss. The organization did not plan to make a profit on the

project but they felt that such an event would be a good public service.

As it turned out the project was a grand success, topping the most optimistic anticipations. The organization has built a solid foundation on which to construct an annual undertaking that is bound to grow with the years.

Sometimes the public fails to appreciate the voluntary work done in the public interest by civic organizations, such as the Junior Chamber of Commerce. Anyone of the thousands who attended the home show during the past three days must realize the tremendous amount of work that goes into the planning and execution of a project of this kind. This is volunteer work, without individual reward, and it is given by the members of the civic organization to help make their community better. That is their own goal and when the project succeeds, as this one has, it is their only reward.

Sometimes projects such as this one fail to catch on and the work done by the volunteers is in vain. When that happens, it is unfortunate, of course, but civic-minded people usually are undaunted by minor setbacks. They generally come back with a new idea, regenerate their enthusiasm and make the new project succeed. Those are the people who provide the spark for community improvement. Most communities would be rather dull places in which to live without these sparkplugs.

The Junior Chamber of Commerce is a youthful organization. Its membership is comprised of young men in the community, men who are willing to play a prominent role in community leadership.

The Jaycees deserve a lot of credit for the fine job that they have performed in the public interest in launching their first home show. We congratulate them.

Self-Analysis Needed?

RELIEF rather than gratitude is the response one feels on hearing that the Senate Judiciary Committee has at long last approved President Eisenhower's nomination of Judge John Marshall Harlan to the U. S. Supreme Court.

The committee's performance in the last couple of years hardly excites admiration. Last year it put on an undignified display while it foolishly hemmed and hawed over the nomination of Chief Justice Earl Warren, who had been accused of "leftist" sympathies by some irresponsible folk.

This year it has permitted long delay on the Harlan nomination, in full knowledge of the fact the Supreme Court is swamped with work and badly needs another hand.

The protracted inquiry this time revealed an alarming tendency on the part of some senators to try to predetermine what Harlan's views might be on important cases coming before the court. Obviously, any flat statement by him in advance of actual study of the issues would not only be presumptuous but very likely would disqualify him from taking part in the cases when they arise.

The committee is not living up to its responsibilities. Perhaps a little self-analysis might be wise before the next "patient" comes to its psychiatric couch.

Today And Tomorrow

By WALTER LIPPMANN

In the light of what has been said and done in Bandung and Washington these past few days, it is impossible to doubt that the Robertson Radford mission to Formosa had to do with ironing out the differences between Taipei and Washington. In his press conference on Tuesday Secretary Dulles confirmed this inference, saying that "there has been some difference of viewpoint between the Chinese Nationalists and ourselves with respect to that matter"—that is to say a cease-fire—and while "Secretary Robertson and Admiral Radford did not go out there with the idea of exerting any coercive pressures upon the Chinese Nationalists," they did go "to sit down together as allies, as partners, to discuss the situation that is developing."

Now while they were sitting down together in Formosa there developed the flat contradiction between the position taken by the State Department on Saturday and that taken by Secretary Dulles on Tuesday. On Saturday the Department had said we "would insist on free China participating as an equal in any discussions" concerning the Formosa area. On Tuesday the Secretary said that the presence of the Chinese Nationalists would not be indispensable "as far as concerns a cease fire which involved the possible interests of the United States."

DELICATE SITUATION

This bobbie cannot have made life easy for Secretary Robertson, who was staying with the Chiang Kai-sheks. But as the accomplished diplomat that he is, we may perhaps suppose that he explained to Chiang that while we were willing to negotiate a cease-fire without his presence, we would keep him fully informed and would consult him before we agreed to anything. That would be the most that we could offer to Chiang under the policy stated by Mr. Dulles on Tuesday. It would also be the least that we could honorably do for him. It does not alter the fact that we have declared our willingness to make a cease-fire in the Formosa region without his consent.

Our immediate problem in Formosa is how—without his consenting to the cease-fire which he has publicly rejected—Chiang can be persuaded to cease firing. The United States is not firing in the Formosa region, and when we discuss a cease-fire we are talking not about our forces but about Chiang's forces and the Communist forces. If the United States is to negotiate a cease-fire for the two Chinese antagonists, we must on our side of the bargain be able to say that Chiang will in fact cease firing.

Now the more public the negotiation with Peiping, the more formal the agreements we ask for, the more embarrassing it will be for Chiang. For while we can almost certainly induce him to give orders to his armed forces to stop firing or at a minimum not to hit anything if they do fire, we are asking something very difficult of him if he is supposed to give public and formal consent to a cease-fire. That consent would be a virtual renunciation of his hopes of returning to the mainland, and it would be tantamount to a recognition that the Red regime is the de facto government of mainland China.

BITTER PILL TO SWALLOW

It may be said that though this pill is bitter, it has been an essential part of U. S. policy for a considerable time, and it might as well be swallowed now as later. The pill will have to be swallowed but there is no reason why we should be in a hurry about it. We can let the facts and the events work their way. Our treaty with Chiang for the defense of Formosa registers the American decision not to assist him in a campaign of restoration. This decision would have been accepted and more or less taken for granted by this time had not everything been confused by the maneuver which entangled the President in the off-shore islands. The defense of the off-shore islands might have forced the President to let himself be drawn into that general war to overthrow Red China which it has always been his policy to avoid.

There is, however, a considerable difference between our saying these things and our asking Chiang to say them too. He should not be hurried if we can help it. If it can be done, we should try to put off until after there is in fact a cessation of the firing the formal discussion of the future of Formosa. It may be Chou will not assent to confidential discussions, a tacit cease-fire and a tacit moratorium on the Formosa problem. But we might try for it, and there is so much good sense in it that we could count on much support.

WASHINGTON—(NEA)—Warning to all happy housewives who are lucky enough to have a maid, cook, cleaning woman, baby sitter, or gardener:

Now that April 30 has passed, you may be living outside the law. And if you don't get on the ball, you could be fined up to \$10,000 or put in prison for five years or both.

For that was the deadline for paying social security taxes for domestics whose wages are \$50 or more over the three-month, Jan.-March period. And it's a safe bet plenty of you home makers haven't paid Uncle Sam a cent.

Officials at the Social Security Administration estimate that an additional 200,000 household workers will be covered by the new regulation which passed Congress last year and became effective Jan. 1.

They also realize that many gals never made the April 30 deadline. But it's still possible to avoid the wrath of the Internal Revenue Bureau even if you didn't. That is if you don't dilly-dally. And if you're tempted to give the government the slip, forget it. That's criminal intent.

Here's what experts here in Washington advise doing:

First check and make sure it's necessary to hand over tax money. The law is very simple. If you employ any person in your home and pay wages amounting to \$50 or more for a quarterly, three-month period—that's about \$4 per week—then you must fill out a social security form and send in two per cent of those wages.

Your cook, maid or chauffeur is supposed to chip in another two per cent. If the domestic objects or threatens to quit, it's a good idea to go ahead and pay the whole four per cent, at least at the start. It doesn't come to that much.

"How do I go about paying the tax?" is the next logical question.

There's nothing to it. Pick up the phone book, look under U. S. Government, and find the number of the local Social Security or Internal Revenue office. Ask them for Form SS 942.

It's easy to fill out. Put down the name of your employee, his or her social security number and the total wages for the first quarter of 1955—January, February and March. Then figure out four per cent of the total. Stick a check or money order for the correct amount in the envelope form and put it in the mail.

Upon request, the Internal Revenue Bureau will even mail you a new form at the end of each quarter with all the information already typed in, except dollars, and cents.

There can be difficulties, however. One of the housewives' biggest problems is persuading domestics to go along.

"Suppose my maid won't have anything to do with it?" they inquire desperately.

"That's no out," answer the authorities. "You're still responsible. And there's a good chance she's just avoiding federal income taxes. Her husband might be listing her as a dependent, so she doesn't want the government to know her salary."

"If your domestic refuses to co-operate, send in the form anyway with all the information you can gather. A little amateur detective work won't do any harm."

SAMPLE FORM 942 shows how simple it is for housewife to file.

"And if your household worker doesn't have a social security number, apply for it the same way you would for one of the tax forms. Fill it in as best you can and briefly explain the situation."

"What good does all this do my cleaning woman?" is another typical question.

"The extended coverage is designed so domestics will have something to retire on instead of the public dole," say authorities. "The days are past when old Sarah worked for the Jones family for years and was looked after in her old age. Today most domestics work in several different homes."

"Domestics are entitled to payments once they are 65 years old. And what they get depends on their wages. For example, a cook

whose salary has averaged \$40 per week would receive \$70.50 a month at age 65, assuming he or she was not earning more than \$1,200 a year thereafter."

"Will I be fined or punished if I pay right away?" ask worried housewives who have missed the deadline.

SSA officials emphasize that they want to put the program over by educational means and not force. They make no promises but do say that if payment is made immediately it's likely no penalty will be imposed. There can be a small fine for delay or neglect.

The law for social security taxes reads the same as for income taxes, however. And a case of willful evasion with criminal intent can mean a \$10,000 fine or five years in jail or both.

Elson In Washington

By PETER EDSON

WASHINGTON—(NEA)—In addition to the early spring book on the presidential sweepstakes of 1956, there is also the birthday book to consider.

For say what you like about tough and indestructible politicians still going strong in their 70's and 80's, the responsibilities of the American presidency are nothing for a tired man to tackle.

Only seven of the 34 U. S. presidents have taken office at age 60 or more. They were:

John Adams, 61, who finished his term and lived to be 90.

Andrew Jackson, 61, who finished his term and lived to be 78.

William Henry Harrison, 68, who died a month after inauguration.

Zachary Taylor, 64, who died 16 months after inauguration.

James Buchanan, 65, finished his term and lived to be 77.

Harry S. Truman took office at 60, was president more than seven years and is still going strong at 71.

Dwight D. Eisenhower was 62 at his inauguration and will be 66 at the end of his first term.

That is more years than any other president has had at the beginning of a term, except William Henry Harrison.

SOUND IN HEALTH TODAY, President Eisenhower may well expect the longevity of Andy Jackson, James Buchanan or Harry Truman.

Other presidents who have lived to ripe old age after retirement include Thomas Jefferson 83, James Madison 85, John Quincy Adams 80, and Herbert Hoover 81.

But what about the other politicians who are being mentioned as presidential possibilities for the 1956 race? The age limit would seem to raise barriers against many hopefuls as well as the still-undecided Eisenhower.

In 1956 Secretary of State John Foster Dulles will be 68. He ran fourth in the recent Gallup poll.

Secretary of Treasury George M. Humphrey is six months older than President Eisenhower. He wasn't mentioned in the Gallup poll and he says he wants no part of the job, but he has considerable support none the less.

Chief Justice Earl Warren, who has now taken himself out of the 1956 race though he ran first in the poll, will be 65 next year. He is a year and a half younger than Ike.

THIS MATTER CUTS ACROSS party lines into the Democratic camp, too.

Sen. Harry Flood Byrd of Virginia, whom a lot of people have wanted to see in the White House for a long time, will be 68 this June 10.

Gov. W. Averell Harriman of New York will be 64 on November 15. He was an open candidate for the Democratic nomination in 1952. His election to the New York governorship last year is supposed to have raised his presidential stock for next year. But he is only 13 months younger than President Eisenhower.

Among the others who will be past the three-score mark in 1956 are Republican senators John W. Bricker (Ohio), who will be 63 and Everett M. Dirksen (Ill.), who will be 60.

Gov. Frank J. Lausche (D-Ohio) will be 60 in November. Sen. Richard B. Russell (D-Ga.) long-time favorite of the South will be 58 in November.

FBI Director J. Edgar Hoover, a dark-horse favorite in some parts of the country will be 61 next Jan. 1.

IN THE 50'S, THE Republicans have Gov. Goodwin J. Knight (Calif.) who will be 59 in December. Also ex-Gov. Thomas E. Dewey (NY), and Ambassador Henry Cabot Lodge, Jr., (Mass) who are 53 this year.

The two Democratic candidates of 1952, ex-Gov. Adlai Stevenson (Ill.) and Sen. John Sparkman (Ala) are now 55. Sen. Stuart Symington (D-Mo) and Sen. Estes Kefauver (D-Tenn) will be 52 in June and July.

In the 40's the Republicans have Sen. William F. Knowland (Calif) at 47, Sen. Joseph R. McCarthy (Wis) and ex-Gov. Harold E. Stassen (Minn) at 46 and Vice President Richard M. Nixon (Calif) now 42.

The Democrats offer Sen. Lyndon M. Johnson (Tex) at 47, Gov. Richard B. Meyer (NJ) at 48 and Gov. G. Mennen Williams, (Mich) at 44.

Baby of the lot is Gov. Frank G. Clement (D-Tenn) who is now a ripe old 34.

Try And Stop Me By BENNETT CERF

An industrious forger had millions of fake ten-dollar bills piled up in his cellar, but they were such amateurish counterfeits that he didn't dare to pass any of them. Furthermore, his wife ran away with a deep-freeze specialist, his beach house was washed away in a storm, and his car was stolen. "I have to admit I don't have much fun," he philosophized, "but I certainly make a lot of money!"

Latest tale from Texas concerns the Houston heiress who was complaining about excessive heat. "Stop crabbng," advised her father. "Pack your bags and go off on a trip."

"What good would that do?" she countered. "It's hot all over Texas!"

"You're inhibited," an analyst assured a patient. "I want you to talk now about

sex." "Well," began the patient haltingly, "it's certainly one of the best stores on Fifth Avenue."

The Doctor Says ...

Phlebitis Is Inflammation Of the Lining of a Vein

By EDWIN P. JORDAN M. D. — Written for NEA Service

There is probably no other human ailment which shows as close a relation to seasons as the miserable affliction known as hay fever. The reason is well known: the most common variety is directly related to the pollination of certain plants and the sensitivity of the victim to these pollens.

Although people may be sensitive to different pollens, far and away the most important in the Northern Hemisphere are those of the ragweed family which are extremely widespread and which pollinate for a month roughly following Aug. 15 (depending on the location).

FOR THOSE WHO are sensitive to ragweed pollen, it is not too soon to consider injections for the coming season.

Some, of course, have been taking the injections all the year around and are receiving the so-called perennial treatment. If this is the case, it should, of course, be continued up to and through the "season."

Some victims of ragweed hay fever seem to do well if they take the injections for several months prior to the beginning of the fall ragweed-hay fever season. The de-

cision as to which method to follow should rest with the doctor giving the treatment. In any event, either method is much better than waiting until the last minute to start injections.

SUFFERERS FROM hay fever do not all get the same amount of relief from this treatment. However, the results obtained today are better than they were several years ago.

Some people who receive the treatments get almost complete relief. A large number are greatly improved; that is, instead of being completely miserably for three or four weeks, they may be really uncomfortable for only a few days.

SOME PEOPLE SEEM to get little, if any, relief from this treatment. But the number of people who are in this group seems to be constantly shrinking.

With this in mind, people who have fall hay fever and plan to try the injection treatment should start soon.

The improved pollen extracts and increased knowledge of what does to give has greatly improved the chances for complete recovery, or at least enough improvement to make the effort worth while.

Beaver Islanders Now Have Fast Boat Service

ST. JAMES, Beaver Island, Mich.—Irish hearts are overflowing with happiness in this community, Michigan's largest island habitation.

For the first time in more than 100 years, the islanders have a boat specially designed to give them fast, dependable transportation to the mainland of Michigan, 33 miles distant. The new 72 foot, 360 horsepower craft, can make the run to Charlevoix, in 2 hours and 45 minutes carrying a cargo of 10 autos and 150 passengers.

Costing \$80,000, the boat was constructed for the Beaver Island Boat Co., in a Wisconsin shipyard. The company is an organization of both islanders and summer residents — people whose homes and investments are vitally concerned with the island's transportation problems.

In their isolation in upper Lake Michigan, parties are an important social activity in the lives of the 325 permanent inhabitants of the island who are mostly Irish. The arrival and christening of the Emerald Isle, Saturday, April 22, marked one of the biggest events of a decade for the islanders and their guests who gathered for the christening ceremonies.

To do the honors, Islanders selected "Aunt Maggie" Boyle, 90, a real daughter of the "Auld Saud" who in her years of life on "The Beavers" has served as practical nurse, midwife, and friend to the sick and needy.

Irish whiskey wrapped in green and white ribbons was used for the christening. As it crashed against the bow, its pungent odor drifted over the crowd and the island elders could be heard sniffing over the extravagance.

The island, once the center of a bustling commercial fishing industry, now depends almost solely on

the tourist and resort trade. Cattle raising and timber cutting are the other industries that support its inhabitants.

Metallic Cylinder May Be Blasting Cap, Miron Warns

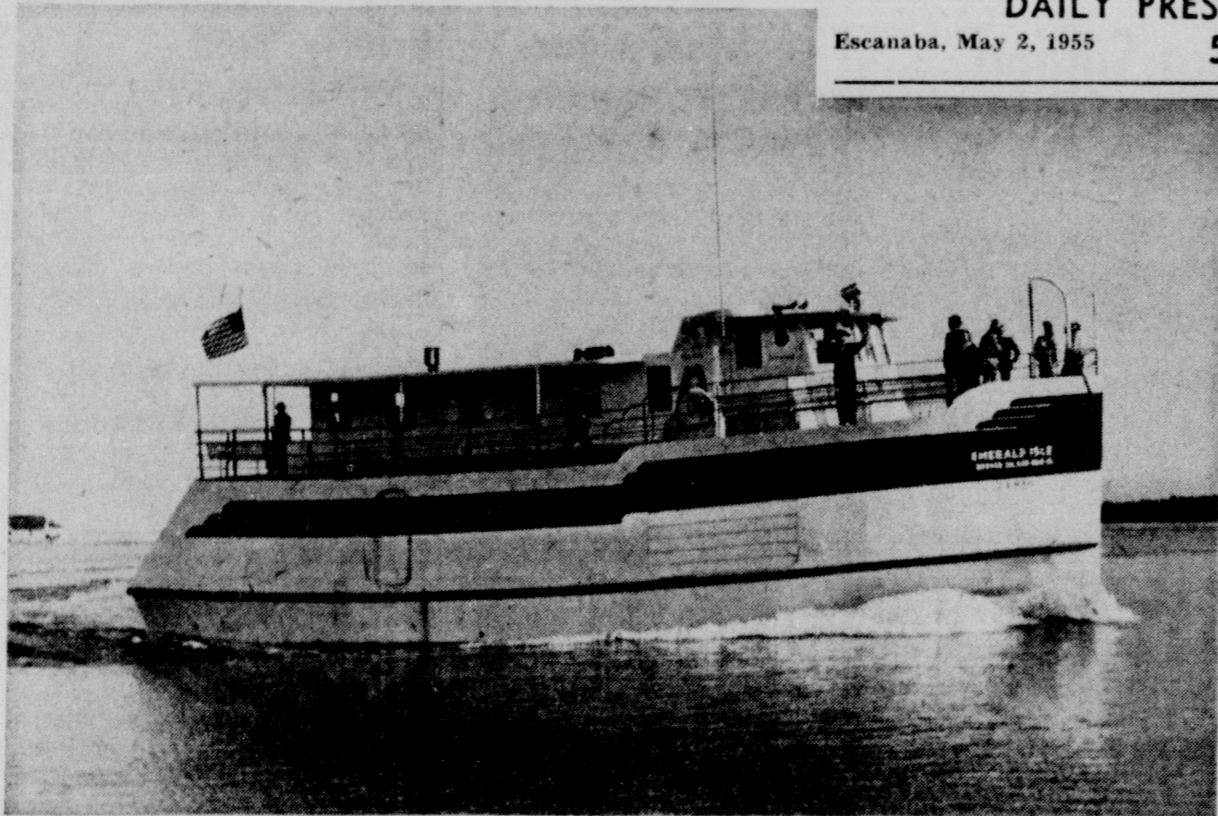

If you happen to see a small metallic cylinder about an inch and a half long and as big around as a pencil, don't touch it! It may be a blasting cap.

Sheriff Miron sounded the warning yesterday in launching his annual drive to alert children and parents to the dangers of blasting caps in inexperienced hands. Sometimes caps are misplaced. Boys and girls find them — play with them — are hurt when the cap explodes. Some of these youngsters are blinded or lose fingers or hands and, in extreme cases, their lives.

Blasting caps, the sheriff explained, may or may not have a fuse attached. Some are bright copper or aluminum tubes with plain or colored wires at one end. All are charged with powerful explosives.

Caps are necessary to build roads, tunnels and skyscrapers, mine coal, quarry stone, drain swamps and other jobs that can't be done without dynamite and caps.

A decade or so ago, Sheriff Miron said there were hundreds of blasting cap accidents a year. Largely through a nation wide safety program, such accidents have been markedly reduced in recent years. The sheriff explained that he is sounding this warning at the urgent request of the National Sheriffs' Association and the Institute of Makers of Explosives.

April Weather Hit New High

The forest fire threat was dissipated at least temporarily over the weekend. Rainfall with .22 of an inch has ended the immediate threat.

The rainfall over the weekend was the first in more than a week. The rain was general throughout the area.

The high temperature in Escanaba yesterday was 67 degrees and the low this morning was 48 degrees. The record high for the day was 70 degrees in 1949.

The monthly weather report reveals that April, 1955, was the warmest of record in the history of the Escanaba Weather Bureau. The average temperature of 45.5 degrees was 7.8 degrees above the monthly normal and 1.2 degrees higher than the previous record of 44.2 degrees in 1878.

Except on April 6 when the daily average temperature was exactly normal, the temperature was above normal every day in April.

Unless freezing temperatures occur in May, the low of 29 on April 7 will mark the earliest date of last freeze in spring on record here. The highest temperature of the month was 75 degrees on April 9.

School Athletes Collect \$434.36 For Handicapped

Lettermen of Escanaba High School and Holy Name High School, in a recent solicitation for the benefit of crippled and handicapped children, collected a total of \$434.36 in Easter Lily Sales, it was reported today by James Degnan, president of the local chapter of the Michigan Crippled Children's Society.

Athletes from the two schools volunteered their services to assist in raising funds for the less fortunate children of the community. Degnan described the drive as "wonderfully successful" and expressed the appreciation of the Crippled Children's Society to the lettermen and to the public.

Defense Chiefs See No Danger In 75,000 Army Manpower Cut

WASHINGTON (AP)—Two top defense officials have told Congress that Army views were "fully considered" and rejected before President Eisenhower decided to cut an additional 75,000 men from the Army.

Secretary of Defense Wilson and Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff, said they did not believe the added cutback would encourage stronger Red Chinese moves or would decide the outcome of a Korean-type war.

Total Reduction 146,000
The two officials testified before a closed session of a House Appropriations subcommittee in early February. Their testimony was made public today.

They appeared a few days before Gen. Matthew B. Ridgway, Army chief of staff, said he had no chance to protest the new cutback to the National Security

Marquette Pays Armory Pledge

MARQUETTE—Immediate payment of its \$35,000 pledge to the Michigan Military Board was approved by the City Commission at a special meeting.

Primary purpose of the session was to discuss the 1955-56 fiscal year budget, but the armory proposition was taken up first because the matter came up at Monday's regular meeting and because of the urgency of the issue.

At Monday's meeting, the Commission, apparently peeved because it could not get any written assurance regarding use of the proposed National Guard Armory, deferred action on a request to make an immediate payment of its \$35,000 pledge to the state.

\$80,000 City's Share

The \$35,000 represents the cash portion of the city's \$80,000 share of the cost of the \$400,000 building, which will be constructed at the southeast corner of Lincoln Avenue and Wright Street. Bids will be opened on the armory on or about May 16 by the Michigan State Administrative Board.

Guard representatives explained that the state requires all cash contributions to be on hand before the contract can be issued. The remaining \$45,000 of the city's share of the cost will include provision for utilities, landscaping, driveways, etc.

A letter from the Marquette Guard Armory Board of Control was received, in which assurance was given that every consideration would be given to the city of Marquette for the use of the facilities of the armory as long as the regular work of the National Guard was not interfered with.

Also read was an excerpt from the regulations of the quartermaster general covering the use of armories for purposes other than military.

The regulation was to the effect that the citizens of any community in which an armory was located, would be given due consideration whenever they required the use of the building, and also that it was the duty of officers in charge of armories to cooperate with their communities in furthering the use of armory facilities by groups of citizens whenever this could be done without interfering with regular national guard activities.

Brooklyn Eagle May Be Revived

NEW YORK (AP)—Fortune Pope, publisher and leader in Italian-American civic affairs, is considering buying the Brooklyn Eagle and resuming publication of the 114-year-old daily.

Pope was queried Thursday night following reports that he discussed terms with the CIO American Newspaper Guild and eight AFL craft unions.

Pope termed "quite previous" any report that he had agreed on a price with Frank D. Schroth, publisher of the Eagle. "We are talking about it, but nothing is concluded," he said.

Pope now publishes the Italian-language daily "Il Progresso" and the weekly New York Enquirer.

The Eagle was struck by the Guild last Jan. 29 in a dispute over wage demands. Members of other unions refused to cross Guild picket lines and the Eagle suspended publication. Schroth later offered the Eagle for sale.

Schroth could not be reached for comment on the possible sale of the newspaper.

The Guild called the strike after Schroth refused to give the Eagle's 315 editorial and business office employees the same wage increase that had been agreed on by several Manhattan dailies. The increase amounted to \$3.40 a week in the first year and \$2.40 in the second year.

Council, the nation's top planning board.

Ridgway said the Army was told with "little warning" last December that by mid-1956 it would be cut to 1,102,000 men, instead of the 1,175,000 it had expected. This means a total reduction of 146,000 from the original goals fixed in 1953. The Army, he said, had completed a budget based on the larger figure.

Cushion Not Necessary

Wilson said the additional 75,000 men to be eliminated represented a "cushion" left in earlier estimates, in case world conditions deteriorated.

"Last December," he testified, "in making our final review of this budget, we decided that these situations (Korea and Indochina) had changed to the point where this cushion was no longer necessary."

Radford said the additional reduction actually conforms to the "new look" review made two years ago and added: "I know of no sudden decisions that were made without consultation with the Joint Chiefs of Staff. There were no decisions made that were a surprise to me."

Accidents Take 22 In Michigan

By THE ASSOCIATED PRESS

At least 22 persons lost their lives in Michigan accidents over the sunny May Day weekend, 18 of them in traffic.

An elderly paralytic died when fire set his clothes ablaze as he sat helpless in a wheelchair. Three persons drowned.

Three persons were killed on U.S. 24 (Telegraph Road) when two cars pulled out to pass at the same time and smashed head-on.

A boy and a girl, each 7, were killed in a collision of two cars near Howell Saturday.

The boy, Johanathan Otte, was the son of the Rev. Gilbert T. Otte, pastor of Trinity Lutheran Church of Detroit. Killed with Johanathan was a schoolmate, Lorean Anderson.

Killed in a head-on collision of two cars on U.S. 24 about two miles north of the Ohio line Saturday night were Mr. and Mrs. Irving I. Berman of Detroit and Franklin A. Davis, 37, of Toledo. Robert Anderson, 28, of Iron River, was fatally hurt Sunday when his car overturned and caught fire on U.S. 2 eight miles east of Iron River.

Worker Injured At Port Inland

MANISTIQUE—Edward Gron-din, 64, of 121 N. Second St., was released today from Schoolcraft Memorial Hospital after receiving treatment for a scalp wound suffered Sunday in an accident at Inland Lime & Stone Company operations at Port Inland, where he is employed.

A metal pan, which was being changed beneath a conveyor belt, fell and struck Grondin on the head, inflicting a three-inch scalp wound. He was in the hospital overnight after the wound was closed by stitches.

CONTRACT BRIDGE By Josephine Culbertson

INHUMAN PUNISHMENT

IN BRIDGE, as in life, the punishment does not always fit the crime. Take the following hand for example. South was a little incautious—that is true—but he certainly did not deserve the fate he suffered.

West dealer.
Both sides vulnerable.
Both sides 60 on score.

♠ 6 2
♥ Q 7 5
♦ 9 3 2
♣ K 4 3 2

♠ K 9
♥ K J 8
♦ 10 7 6 4
♣ A J 9 6

♠ A K 7 4 3
♥ 10 3 2
♦ A J 8 5
♣ 7

The bidding:
West North East South
Pass Pass Pass Pass
Dble. Pass 1NT 2♦
Pass Pass Dble. Pass

It goes without saying that South's spade opening was correct in any position, fourth hand or otherwise, and irrespective of part-score and vulnerability. Then, after that opening, it was natural—if somewhat risky—for South to bid his fair diamond suit over

East's one notrump. A player who has opened the bidding under such circumstances—with both sides 60 on score—can scarcely accept the fact that he simply did something nice for the enemy; he can't amiably step aside and let them "steal the rubber" with a mere one-bid. Of course South might have reasoned that North also knew the score and would take proper action, if there was any he could take, but against this was the fact that the diamond suit might become too difficult to show if West mentioned hearts.

In any case, to repeat, South's bidding met punishment that was far too severe for his crime (if any). West opened the heart ace and continued the suit. East winning with the jack. East shifted to a low trump. When declarer ducked, West false-carded with the king. Another heart lead put East in again, and a second diamond return, again ducked by declarer, lost to the blank queen. West now shifted to clubs, and declarer was soon shortened in trumps when he had to ruff. He cashed his top spades and tried to ruff a spade in dummy, but East overruffed and then forced South again with a club. The upshot was that South won precisely two spade tricks and two diamonds, and thus went down 1100 points.

Five Manistique Speakers Receive Superior Ratings

MANISTIQUE—Five Manistique students won superior ratings in the Upper Peninsula Forensics contest held Saturday at Marquette.

Those receiving superior ratings were Robert Corson in oratory; Myrna Peterson, humorous reading; Mary Ella Giovannini and Gail LeBrasseur, poetry, and Jon Schuster, state debate champion, extemporaneous speaking.

Two other Manistique students received excellent ratings. They were Katherine Hall in oratory and William Sheahan in humorous reading.

The group was accompanied by Carl Olson, member of the state forensics board, and Marvin Frederickson, coach.

Committee Sets Up Allocations On Salk Polio Vaccine

(Continued From Page One)

Cutter vaccine. A half dozen other cases, not yet reported to the health service, have also come to light.

The Idaho State health director, L. J. Peterson, reported yesterday the death of Janet Lee Kincaid, 7, of Moscow, Idaho, the second schoolgirl in that state to die of polio after being vaccinated. Eight other children in Idaho have been stricken, he said.

He said "exhaustive tests" would be necessary to determine whether the vaccine was at fault.

New York To Ban Vice Comic Books

ALBANY, N. Y. (AP)—Gov. Averell Harriman today signed a bill designed to sweep horror and sex-filled comic books from the newsstands in New York State.

The measure makes it a misdemeanor to publish or distribute comic books devoted to sex or brutality or to sell or show any other literature featuring sex or crime to persons under 18.

The new law will go into effect July 1. Violators will be subject to jail sentences of up to a year, fines of up to \$500 or both.

Sales And Use Tax Up By \$1,700,000

LANSING (AP)—Sales and use tax collections in April on March business totaled \$25,248,008, an increase of \$1,700,000, or 7 1/2 per cent, from the same month last year.

Clarence W. Lock deputy state revenue commissioner, said a general increase in retail business, including food purchases, accounted for the jump. In previous months, an increase in auto sales was the chief factor.

Wall Street

NEW YORK (AP)—The stock market moved irregularly today with a lower tendency developing in the early afternoon.

Some stocks made wide swings but most changes were well within a range of two points either way. Volume of trading was light. Friday's total was 2,230,000 shares.

The steels were higher along with merchandising shares and many individual issues. Goings lower were the farm implements, electrical equipments, motion pictures, and utilities. Others were steady to mixed.

U. S. government bonds were mixed.

Boy Hit By Golf Ball Gets \$50,000 Verdict

DETROIT (AP)—A Circuit Court jury Friday awarded \$50,000 damages to an 11-year-old boy who lost his right eye four years ago when he was hit by a golf ball on the city-owned Redford Golf Course. The boy's father also got \$2,000.

Both judgements were against the City of Detroit. Assistant Corporation Counsel Alfred Sawaya said the judgements will be appealed to the State Supreme Court.

The judgements went to Peter Paul Lyshak and his father, William P. Lyshak, a Ford Motor Co. attorney. Sawaya said the appeal would be based on the contention that the boy was a trespasser on the course and there at his own risk.

Screaming Wife Shot Dead In Street As Little Girls Watch

SODUS, N. Y. (AP)—A 27-year-old housewife was slain by a shotgun blast as she ran screaming down a street Friday night and her husband, a railroad section hand, was charged with first-degree murder.

Mrs. Blanche Vanderbrook was killed as three young daughters watched, and a 12-year-old stepdaughter, Mary Seymour, tried to shield her.

Richard Vanderbrook, 32, fled into the woods around the village near Lake Ontario. The state troopers captured him early today.

Police said the couple had been quarreling about family matters.

Two Sessions Of Play Held During Weekend

Mr. and Mrs. H. J. Weller and Mr. and Mrs. William Geenan of Appleton, Wis., were winners of the 19th annual Upper Peninsula open team-of-four bridge tournament, sponsored by the Delta Bridge League during the weekend at the House of Ludington. The Wellers and Mr. and Mrs. David Smith of Appleton were champions last year.

The winners will have possession of the large traveling trophy for one year and in addition were awarded individual trophies for permanent possession.

Runners-up were Mr. and Mrs. A. E. Taylor Jr. and Mrs. H. W. Lundmark and Mrs. J. S. Sword of Escanaba and Gladstone. They also were awarded individual trophies for permanent possession.

The winners and runners-up will receive master points direct from the American Contract Bridge League headquarters in New York. Fractional master points will be awarded to pairs finishing in the higher positions.

Close Finish
The tournament was an exciting one and during the final session the lead changed hands at least a dozen times with the top six teams right in the fight until the final round of three hands was scored, checked and rechecked.

Adventist Book Collection Is Given Library

A select collection of twenty-three books, valued at \$121, on Bible prophecy, and other religious subjects, was presented this week to the Carnegie Public Library by R. E. Eckerman, pastor of the Seventh-day Adventist Church.

In the collection is a four-volume set of reference works, comprehensively outlining the entire range of prophetic interpretation from pre-Christian times to the present. This set, entitled "The Prophetic Faith of Our Fathers," by LeRoy Edwin Froom, is the product of twenty years of intensive and careful research in all parts of the world. It is already in use in classrooms in a number of leading universities and seminaries.

Another volume in the series is "Drama of the Ages," an outline of Christian doctrine by William H. Branson, the former world president of the Seventh-day Adventist denomination.

Other books in the series cover the scope of Adventist work, beliefs, and history, and range from volumes of inspirational value to detailed and technical works for the serious student.

The presentation of this collection makes available comprehensive source material on Adventism for those interested in either casual reading or research into the beliefs of various religious bodies, pastor Eckerman says.

in honor of the occasion with an anniversary dinner at the home of their son and daughter-in-law, Mr. and Mrs. Leonard C. Nelsen, 1314 1st Ave. S. In the evening at 8 a program and reception will be held at Central Methodist church.

Cooperating in plans for the reception will be the North Star Lodge and the Morning Star Lodge which will be represented by Mrs. Gabriel Bostrom and Arthur Moberg. The program is in charge of Mrs. Anna Harrod. The evening affair is for all friends and relatives of the Nelsens.

Mr. and Mrs. Nelsen were married in Escanaba a few months after their arrival here from their homeland, Denmark, and they have lived here since that time.

Their family includes two daughters, Mrs. John T. Blomstrom, the former Mae Nelsen, of Saginaw, Mrs. Albert Johnson, the former Anna Nelsen, Neenah, Wis., one son, Leonard C. Nelsen, Escanaba, and six grandchildren. Mr. Nelsen's sister, Mrs. Marie Fredrickson, of Escanaba, also will be with the family group.

Dr. and Mrs. Blomstrom and three sons, John, V. K., and Jimmie, are here from Lower Michigan for the golden wedding and Mr. and Mrs. Albert Johnson are home from Neenah.

Water School Starts Tuesday

A 2-day short course for water plant personnel will be conducted here Tuesday and Wednesday in the Lincoln school gymnasium by Michigan College of Mining and Technology, Houghton.

The school is being conducted in cooperation with the Michigan Department of Health and the Michigan Section of the American Water works association, and approximately 40 Upper Michigan persons will be attending.

Superintendents of water plants and instructors from the college will conduct the classes. Registration begins at 8:30 a. m., Tuesday in the Lincoln school. A two-hour session on chlorination and a one-hour session on fluoridation are scheduled Tuesday morning.

Tuesday afternoon water plant operators will study alkalinity, pH and hardness of water, the Wednesday morning color, turbidity and flocculation. Wednesday afternoon's session will be on iron content of water, and will be followed by general discussion of problems and individual questions.

Water operators attending the school have been invited to remain in the city through Wednesday night, when a dinner will be held at Paul Bunyan's Cook Camp. The banquet will mark the conclusion of the water school and the opening of the annual U. P. Water Works Institute.

Mayor A. W. Heitman will be among speakers at the dinner meeting Wednesday night, as well as W. E. Smith of Detroit and T. L. VanderVelde, of Lansing, officials of the Michigan section of the AWWA.

The institute will include a demonstration of chlorinating equipment by Smith and L. J. Beckman, of Chicago, and discussion of water utility records by VanderVelde and John E. Vogt, of the Michigan Department of Health. Election of officers, selection of a 1956 institute site and a report on the J. F. Rubbo Memorial fund are among items of business scheduled during the institute.

The Rubbo fund was begun last September following the death of Mr. Rubbo water filtration superintendent in Iron Mountain. It will be used to provide special equipment for the sanitation laboratories at Michigan College of Mining and Technology, as a memorial to the former AWWA trustee.

Inland Practice Starts Wednesday For Softball Play

Inland will square off against Christy's Bar in the opening game of the 1955 Softball League here at 7 p. m., May 16.

Team Manager Chet Charrier has asked all Inland employees who want to play to contact him at 507 Arbutus Ave., or telephone 514J.

The first practice session for the Inland team is scheduled at 6:30 p. m., Wednesday, May 4, at the Central Park softball field.

Truck Overload Brings \$200 Fine

A fine of \$200 and costs of \$4 were levied Bancroft Dairy of Marquette in Justice Court here Saturday for an overload on a milk truck.

The firm's driver, Leonard Yetle, of Marquette, was ticketed by the state weighmaster Friday on M28 four miles west of Seney.

Also in court Saturday was Robert L. Bouschor, 415 Walnut St., who was assessed fine of \$8 and costs of \$2 on a city police ticket for speeding.

THOSE IN UNIFORM

Pfc. Carl F. Beckman, son of Mr. and Mrs. Carl T. Beckman, Route 1, Manistique, Mich., recently spent a week's leave in Tokyo from his unit in Korea. Pfc. Beckman, a combat engineer in Company B of the 74th Combat Engineer Battalion, entered the Army in April 1954 and received basic training at Fort Leonard Wood, Mo. He attended Manistique High School.

Bad Traffic Mishaps Increase In March

LANSING (AP) — Michigan traffic deaths and injuries increased sharply during March compared with the same month last year although total accidents were fewer, State police reported.

There were 126 persons killed and 3,975 injured in 14,757 traffic accidents in Michigan last month. Deaths increased by 26, or 26 per cent, and injuries by 370, or 11 per cent. The total number of accidents was down 117, or one per cent.

The record for the first three months of the year shows 380 deaths, 11,905 injuries and 45,919 accidents. Injuries were down one per cent from last year and total accidents showed a drop of 3 per cent but deaths increased 7 per cent.

MANISTIQUE

Children Here Will Have Crusade To Help Needy

Manistique public school children this week will be bringing bundles of used clothing to school to help needy children in the United States and overseas.

The Manistique children's project is part of the Save the Children Federation's 13th annual nationwide crusade conducted in public schools throughout the nation under auspices of a national advisory committee of school superintendents.

The clothing will be used to aid children and families in Korea, war-depleted countries in Europe and the Middle East, and in disadvantaged rural areas of the United States, including the Navajo Indian reservation.

"In Europe, the children are still suffering from the ravages of war, and the need in Korea is even more urgent, because two million

victims of Communist aggression there are still refugees," Supt. A. F. Hall has been informed.

The drive not only will help alleviate the suffering of many needy children, but also teaches our own children a valuable lesson in the importance of thinking of others, Supt. Hall explained.

Children have been asked to bring warm clothing, such as heavy underwear, wool skirts, suits, sweaters and coats; children's shoes and adult footwear, excluding high-heeled shoes; and babies' clothing. It is important that all clothing gifts be clean and in as good repair as possible because these gifts will be symbols of new hope to many needy children," the Federation has pointed out.

Manistique citizens may participate in the crusade if they wish, either by sending a bundle of used clothing to the school or by making a small cash contribution to help defray the cost of collecting, reconditioning and sorting the clothing for distribution. The national headquarters of the federation are located at 345 East 46th St., New York City.

'Stique Children In Kindergartens Preparing Programs

Kindergarten children in Manistique Public Schools, in addition to their regular work, are preparing for graduation exercises which will be held during the last week of school. The children are making costumes, learning memory verses, and songs.

Two graduation exercises will be held at Lincoln school, one in the morning and one in the afternoon. The class at Central school will have exercises in the forenoon and Lakeside students will conduct their exercises in the afternoon.

The five and six-year-old students are making panoramic posters of circuses and of spring and summer activities, and are working on reading exercises. Lincoln classes also have a kindergarten band.

The kindergarten classes in Manistique are as follows: Central class, enrollment of 24, meets in the forenoon. Lakeside, enrollment of 30, meets in the afternoon. Both classes are taught by Mrs. Marie LaFave. Lincoln school, two groups, morning section with enrollment of 29, and the afternoon class with 27. Both are taught by Mrs. Grace Gero.

Guardsmen Here Receive Three New Dump Trucks

Three new 2½-ton dump trucks have been assigned to Company D of the National Guard 107th Engineer battalion in Manistique.

The vehicles were driven here Saturday from St. Ignace by Sgt. 1c Lloyd Carrothers, WO William Cowman and M-Sgt. Edward Leonard.

They were part of a fleet of 18 new vehicles assigned to the engineer battalion in Upper Michigan.

APRIL BRIDE — Miss Vivian Peterson, daughter of Fred Peterson, of Gulliver, became the bride of Roy Nelson, son of Mr. and Mrs. Arthur Nelson, 410 Algonquin Ave., at a ceremony performed April 16 in the parsonage of Bethel Baptist Church. They will make their home in Manistique. (Linderoth Photo)

City Briefs

The Rev. and Mrs. Noah M. Inbody, 435 Oak St., and the Rev. and Mrs. Alan S. Miller, 310 Main St., left tonight on a 2-week trip to Florida.

Mr. and Mrs. Pat Gilmore, of Chicago, Ill., are visiting here with her parents, Mr. and Mrs. Gregor MacGregor, 220 Chippewa Ave. They will leave on Tuesday for Omaha, Neb., where they will visit his grandmother.

Mr. and Mrs. Scott Creighton, 215 Arbutus Ave., returned Thursday after spending the winter visiting relatives at San Diego, Calif., Minneapolis, Minn., and elsewhere in the west.

Mrs. William Winston returned today to Cleveland, Ohio, after visiting at the home of her mother, Mrs. Fred Bryant, who is ill.

As you know, sports editors of newspapers and radio stations throughout the state are in the process of selecting charter members of the Michigan Sports Hall of Fame. Votes are due this week at Michigan Week headquarters in Lansing. The nominees on the first ballot, followed by their sport, are: Ty Cobb, baseball; Fielding H. Yost, football; Earl Clark, football; Joe Louis, boxing; Gar Wood, carning; Jack Adams, hockey; Walter Hagen, golf; Gordon Cochrane, baseball; William Heston, football; Lloyd Brazil, football; and Ad Wogast, boxing. Six men will be named on the initial list.

Soo Loretto's John Hardy Goetz, a young pitcher who is rated one of the top prospects in the Upper Peninsula, got off to a good start over the weekend. Goetz, who fired for the Soo American Legion Junior baseball team last year, tossed a one-hit victory in his first start this season. He pitched two no-hitters last year.

It seems almost certain that several Central League track and field records will fall at the annual meet to be held in Escanaba Friday, May 6. Dick Beaudry of Cooks ripped off the half mile in 2:16 at Manistique Saturday in a quadrangular meet, and wasn't pressed in the final lap. The league record is 2:17.2 set by Henry Peterson of Cooks in 1953. And the Nahma 880 relay team sped the distance in 1:45.6 Saturday, bettering the existing record of 1:46.4 set last year by a Nahma quartet composed of Duane Popour, Elmer Seymour, Donald Groleau and Bernard Newhouse.

It was a good break for Harvard Lancour, Manistique's classy featherweight boxer, when he was shifted from the 132 pound class to 125 pounds on the United States squad that is touring the British Isles this month. Although Lancour has handled himself with some of the best amateur lightweight in the country, he is a natural featherweight and usually drops down to about 124 when in top fighting condition.

The Menominee Maroon track team opened its season with a 58-46 victory over Marinette last Friday, taking six firsts and slamming the high jump. But Coach Ken Radick's athletes will have a tougher time on their hands when they face the crack Stephenson squad this afternoon. Coach Francis Cappaert's Eagles are unbeaten to date this season.

Northern Michigan College's proposed health and physical education building, more commonly called a field house, is closer to becoming a reality now than at any time in the past, it is revealed by Coach C. V. (Red) Money. Architects were in Marquette last week with the final blueprints for the building, which will be a combination field house-gymnasium-swimming pool. Seating arrangements will be available for 5,000 if necessary for basketball tournaments.

Just as Escanaba High School has dominated Class B golf competition in recent years, so has Bishop Baraga of Marquette in Class C-D-E. And this year promises to be no exception. The Blue-Jacks have two seniors and a junior back from last year's championship team and there are a number of outstanding sophomore candidates for the fourth spot on the squad. Bishop Baraga has won its class championship in golf for the past five seasons.

Eskymo Golf Champs Open Season Tuesday On Menominee Links

Coach Jack Magnusen's Escanaba Eskymo golf team, defending Class B Upper Peninsula championship, will make the first start of the 1955 season Tuesday at Menominee in a dual match.

With only two lettermen back from last year Magnusen is faced with the problem of filling out the squad from among 11 candidates for the other two spots. Escanaba will defend its U. P. crown here on Friday, May 20.

Back from last year's titlist team are John LeMire and Tom Hogan. Other candidates are Gerald Hansen, Don Mathews, Bill Harrison, Bob Krause, Mike Needham, Dick Nelson, Fred Olson, Jack Ostman, Ken Wiklander, Charles Lindquist and Jerry Martin.

Eskymo golfers have dominated Upper Peninsula competition since 1950. Magnusen took over the coaching reins that year and guided

ed his team to the Class B runner-up position. The Eskymos repeated at runner-up in the 1951 season.

Since then the Eskymos have topped three straight Class B crowns, winning in 1952, 1953 and 1954.

Although the complete season schedule has not yet been drawn up, the Eskymos are scheduled to face tough competition in tuning up for the U. P. finals. Included in the list of foes this season will be Marquette Bishop Baraga, five-time Class C-D-E champions. Last season the Eskymos lost only once in regular season competition. Lost through graduation from last year's team were Bill LeMire, Tom Gregoire and Jim Finn, all regulars.

After Menominee, the Eskymos will face Marinette here May 5, Menominee here May 13, Marinette there is a quadrangular meet May 14 and the U. P. finals on May 20.

Other matches may be added and some of the dates may be changed, Magnusen said.

Pitching—Bob Feller and Herb Score, Indians—Feller pitched his 12th one-hitter in Cleveland's first game 2-0 triumph over the Boston Red Sox. Score struck out 16, two shy of Feller's major league record, as the Indians took the second game 2-1.

Not Bad Hitter
"I've never been a bad hitter," he said. "Usually I'm around .275—.280 mark. After you're around a few years you get to know what to expect from the different pitchers."

Logan had to battle his way up through the minors and then had to fight to stay up. He was up with Boston in 1951 and again in the spring of 1952 when Tommy Holmes was the manager. Holmes sent him back to Milwaukee, then in the American Assn.

"Holmes told me I'd never be a big leaguer," Logan said with a touch of bitterness. "When Charlie Grimm brought me back to the Braves the day after he took over, I guess I tried twice as hard to prove I belonged."

Cooks Cops Quad Track Win In Tuneup For League Meet

MANISTIQUE — Coach Art Allen's Cooks track and field squad turned up for the annual Central League meet, which will be staged in Escanaba Friday afternoon, by copping first place in a triangular meet here Saturday.

Cooks has won the Central League track meet the past two years and will make a strong bid for a third straight title this season.

Cooks athletes grabbed six firsts and had the depth to go with the winners. Bruce Jacobson was a double winner with firsts in the low and high hurdles. Two heats were run in each of those events as well as in the dashes.

Dick Beaudry turned in an outstanding 2:16 half mile for Cooks. Cooks won with 55 5-6 points with Manistique second, 44 5-6, Nahma third with 41 1-3, and Holy Name fourth, 30.

Gary Hirn took firsts in the 100 and 220 dashes and second in the broad jump while Lloyd Peltier copped the mile run in 4:59, his fastest clocking this season.

Manistique competed without the services of 10 outstanding track men who were at the Sault Invitational meet.

Bernard Newhouse led Nahma with firsts in the broad jump and high jump and second in the low hurdles.

Emerald Relay Team Breaks Meet Record

SAULT STE. MARIE (Special)—The Manistique medley relay team zipped to a new meet record in the Sault Invitational track meet here Saturday, covering the distance in 2:41.7, just one and one-tenths seconds over the existing Upper Peninsula record for the three-quarter mile distance. The winning Emerald quartet which clipped 6.6 seconds from the previous mark were: Don Anderson, Ed Bernier, Alroy Mersnick and Ken Dixon.

Ken Dixon copped a heat of the 440 yard dash in the excellent time of 56.9. Bob Corson placed second in the shot put and Alroy Mersnick was fourth in that event.

Two other records were established in the meet. Ove Lundgren Swedish exchange student at Soo High School, ran the mile in 4:46.7 to clip 10 seconds off the old record. And Dale Middlechild of Gaylord won the shot put with a toss of 45 feet, 1 1/4 inches.

Soo won the meet with 39 points, edging out Newberry with 38.

Nine teams competed in the meet with Charlevoix scoring 35 for third place, Pickford 33, Gaylord 28, Grayling 27 2/3, Manistique 21 1/3, DeTour 2 and Cedarville 1.

Feller, Score Add Up To Big Pitching Act

CLEVELAND (AP)—The Cleveland Indians' old and new strikeout kings—old Bob Feller and Herb Score—have teamed up in a pitching act that could boost Sunday doubleheader attendance in huge Municipal Stadium.

The big concrete bowl was only one-third full Sunday when 26,595 fans saw Feller hurl the 12th one-hitter of his 17-season career. That won the opener 2-0. Score triumphed 2-1 in the nightcap and fanned 16 Boston Red Sox batters—two under the major league record Feller set in 1938.

They made an impressive combination—the veteran right-hander who will be 37 next November and the rookie southpaw whose 23rd birthday is six weeks away. Each has his own brand of poise on the mound.

Feller, although he has long since lost the fireball he brought to the big leagues from an Iowa farm as a boy of 18, has developed a cunning and control over a wide assortment of pitches. Score, using a blazing fast ball and striving for control of a good curve, has been tagged as likely in years ahead to grab some of Rapid Robert's many strikeout records.

The looping single catcher Sammy White rapped to center in the seventh inning shattered one of Feller's biggest remaining ambitions—to become the first major league pitcher to hurl four no-hitters.

Fanned First Nine
"But a fellow can't be too greedy," Feller rationalized. "I'm satisfied with a one-hitter, but naturally I'd be much more happy to get that fourth no-hitter."

Feller used 100 pitches and the one to White "got away and sailed a little," he said.

Score struck out the first nine men to face him, but got only four in the last four innings. He said that while he was pitching he "wasn't conscious of any records" but knew he "had a pretty good total."

Redlegs Miss Injury In Railroad Mishap
THORNDALE, Pa. (AP)—Cincinnati Redleg baseball players escaped injury Sunday when their train was sideswiped by a west-bound train and they were sprayed with glass.

A coal car on a westbound freight buckled and scraped against the sleeping cars of the Pittsburgh to New York Pennsylvania Railroad train carrying the Redlegs.

The mishap occurred near an 80-foot high trestle in this community about 45 miles west of Philadelphia. After a two hour delay the passengers were transferred to another train.

ESCANABA ESKYMOS—Members of the Escanaba Eskymo baseball team that will be seeking its 38th straight victory Thursday afternoon against the Holy Name Crusaders are, front row, left to right: Norm Seguin, Hugh

Ray, Harlan Breitzman, Dave Viau, Pat Coyne, Jim Beck and Ricky Erickson. Back row: Bucky Flath, Elmer Bessonen, Allen Erickson, Bob Chriske, Bill Bolm, Jack Carlson and Bob Bero. (Daily Press Photo)

Eskymos Face Crusaders In Baseball Feature Thursday

One of the highlights of the prep baseball season here comes Thursday afternoon at 4 at the City Diamond when the Escanaba Eskymos put their long victory string on the line in a game with the Holy Name Crusaders.

Coach Jim Rouman's Eskymo team is working on a string of 37 straight victories that began early in the 1950 season. Two of those victories were posted this season against Marquette and Stephenson.

Holy Name, in four starts this

season, has won three and lost one. Coach Tom St. Germain's Crusaders beat Powers twice and Bark River once and lost a 4-3 verdict to Stephenson.

Breitzman Likely Starter

Harlan Breitzman, ace right-hander, will likely grace the Escanaba mound. Breitzman, who is undefeated in eight games in his Escanaba High School career, tossed both of Escanaba's wins this season.

The senior chucker snapped off a brilliant no-hit, no-run game in the opener against Marquette which Escanaba won 16-0. In his second start against Stephenson Breitzman allowed only one hit in a 1-0 win. He has fanned 22 batters and walked only two in 14 innings.

John Berrigan will probably go for the Crusaders, taking his third turn on the hill this season. He tossed a two-hitter against Powers in the opener and turned back Bark River with a four-hit victory last week.

Anderson Named Dartball Head

George Anderson was elected president of the Tavern Dartball League at the annual banquet held Saturday night at the Eagles Hall. Other officers named for next season were: Phil Charbonneau, vice president, and James Rose, secretary-treasurer.

About 200 Tavern League players and guests attended the banquet at which trophies were awarded as follows:

Colonial and Chet's, first and second half winners; Arcadia and Spar's, first and second half runners-up; Wardy's and Eddy's, first and second half tournament champs; Little Mike's and Wardy's, consolation.

Wally Hubert of Eddy's won the batting championship trophies in both halves. The traveling trophy, now named the Joe "Frog" Winters Trophy, was won by Chet's.

A smorgasbord was served and there was dancing to music by the Firehouse Four Minus One.

Pinch Hit Single Beats Braves 5-4

BROOKLYN (AP)—George Shuba's first hit of the year, a pinch single into short center in the eighth inning, gave Brooklyn a 5-4 edge over Milwaukee Sunday, the Dodgers' 15th victory in 17 starts in their fantastic spring spurt.

The first meeting between the Braves and the team the baseball writers picked to win the pennant was all Brooklyn in the early

stages. The Braves rallied to knock out Billy Loes while trying the score at 4-4 in the eighth.

Gil Hodges, who had hit his second homer in the second inning, started the winning attack with a single. After two were out, Carl Furillo kept it alive with a single to center. Shuba then lifted a Texas Leaguer into short center that dropped in front of the racing Bill Bruton, scoring Hodges.

Dan Grow Tops Junior Archers, Scores 317

Dan Grow copped first place in the Junior Archery shoot held over the weekend at Club 314. Grow fired a 317 total out of a possible 540.

Others who finished high in the final standings were Aaren Raack, James Moreau, Terry Derouin, Terry Anderson and Tommy Loesier.

There were 27 members between the ages of 6 and 11 at the meet.

Sports Briefs

LAFAYETTE (AP)—Michigan swatted Purdue 17-0 for its fifth straight Big Ten baseball victory Saturday and then lost the second game of a doubleheader, 5-3.

Bill Thurston held Purdue to six hits in the first game. Joe Hawthorne limited Michigan to six hits in the seven-inning second game.

both teams are pretty well set. The Eskymos will probably open with Allen Erickson behind the plate, Bucky Flath at first, Pat Coyne at second, Jim Beck at short, Hugh Ray at third, Dave Viau in left field, Bob Bero in center and Norm Seguin in right.

Holy Name will have Jim Brown catching, Joe Juettin at first, Jim Greenwood at second, Billy Goodreau at short, Frank Katrinski at third, Dan Rouseau in left field, Denis McGinn in center and Mike Goymerac in right.

One of the largest crowds ever to watch a high school game is expected at the City Diamond as the Eskymos seek their 38th straight victory over a six-season span.

U. P. Keg Meet Comes To Close

ISHPEMING—Leaders in all division held their places as the final weekend's onslaught brought the 48th annual Upper Peninsula bowling tournament to a close with only three changes in the doubles "top ten."

Champions are the Ishpeming Goebels, 7,225, in the regular team division; Iron Mountain News, 2,542, in the minor team division; E. Johnston and H. Grugel, Sault Ste. Marie, and Johnson-Beauparlant, Munising, 1,137, in the doubles; Joe Arnoldi, Norway, 685, in the singles, and Jim Lawson, Ishpeming, 1,833, in the all-events.

No decision has yet been made as to whether ties will be bowled off, tournament officials said today. The tie problem is most important in the doubles event where the first four pairs—including the twosome from Sault Ste. Marie who have led or shared the lead since opening of the meet—are separated by one pin. Two other ties are included in the top 10 doubles, while there are several ties in the lower levels of the singles standings as well as two ties in the first five.

Bisplinghoff Is Amateur Champ

PINEHURST, N.C. (AP)—Don Bisplinghoff of Orlando, Fla., Sunday defeated Bill Campbell of Huntington, W.Va., 5 and 4 to win the North and South Amateur Golf title.

Bisplinghoff had fired the back nine in the morning round of the 36-hole finals in one under par 35 to take a three up lead. He swept the first three in the afternoon to shoot six up before Campbell began to play.

During this surge Campbell won three holes in a row but Bisplinghoff quickly threw cold water on any hopes Campbell might have had of catching him by nailing an eight-foot putt for a birdie two on the short ninth to go back to four up.

He caught Campbell on the 13th hole in the morning and went ahead on the 14th to stay in front. Don was three up after 18 holes with a fine closing 35. He added another 35 going out in the afternoon. For the 32 holes he was four over and Campbell 10 over.

Old And Young Cleveland Aces Pitch Brilliant Wins

By JOE REICHLER
The Associated Press

The American League champion Cleveland Indians were back in first place today and who do you think put them there?

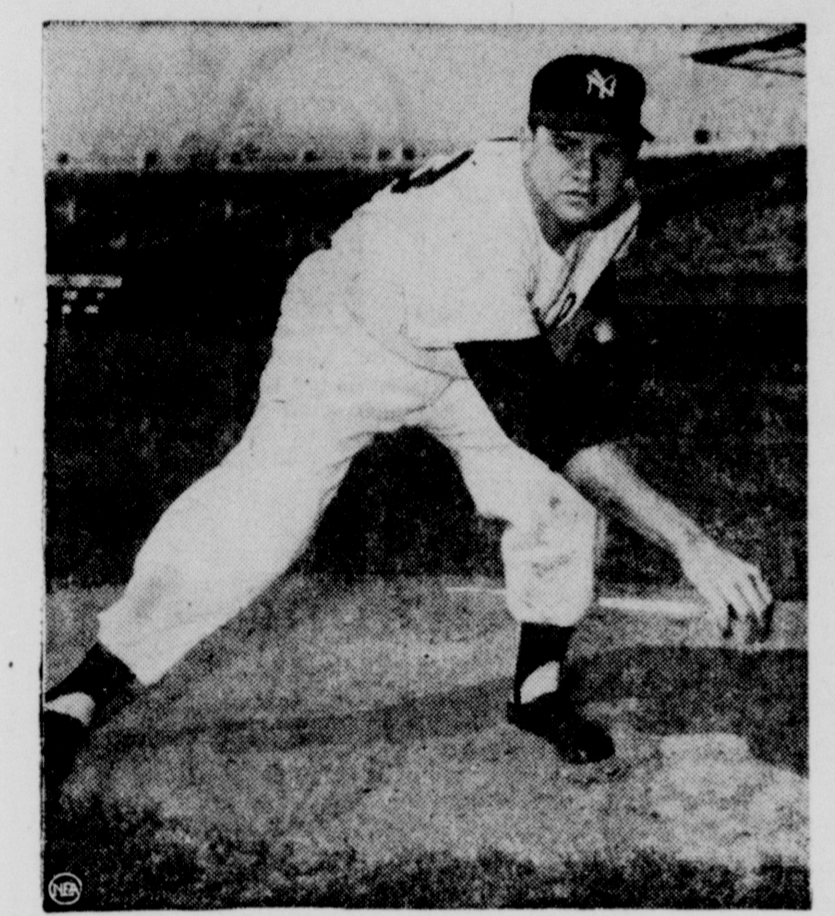

Bob Lemon? No! Early Wynn? No! Mike Garcia? No! None of the fabulous Big Three had anything to do with it.

It was 36-year-old Bob Feller, who wasn't even trusted to pitch in the World Series last fall and 21-year-old Herbie Score, who did not even join the Indians until this spring.

Almost No-Hitter

They put two brilliant pitching exhibitions back to back as the Indians twice conquered the Boston Red Sox 2-0 and 2-1 to forge into a half-game AL lead.

Feller, only pitcher since 1900 to turn in three no-hitters, came within eight outs of getting his fourth as he won his first game of the season and 263rd of his career in the opener. He permitted only one hit—a one-out seventh-

STRIKEOUT STORY—Off to a winning start, leading the league in strikeouts and with a one-hitter under his belt, Bob Feller is living up to all the nice things the Yankees saw in the big right-hander when they made the big trade with the Orioles.

Yanks And Bob Turley Tame Fast-Moving Tigers 6 To 1

By JOE FALLS

DETROIT (AP)—The Detroit Tigers were sitting on top of the American League, breezing along on a seven-game winning streak. But then the Yankees came to town.

The ruffian New Yorkers, behind Bob Turley's strong four-hit pitching, shattered Detroit's winning streak 6-1 Sunday and knocked the Tigers out of first place.

A large Sunday crowd of 48,813 turned out on a mild afternoon. They saw the Tigers make a tense battle of it for seven innings, trailing 2-1.

Four Errors In 9th

Then the Yankees—as they usually do—rapped Ned Garver for three runs in the eighth to break it up. Detroit gave them another run by making four errors in the ninth.

Garver has been trying to beat the Yankees for six years. The last time he did it was in 1949, when he was with the St. Louis Browns. Following Sunday's loss, his record against New York is 2-16.

The Tigers were trying to equal their longest winning streak since 1949, when they ran up eight in a row. They were also trying to prove that their early season spurt was no fluke.

Turley's Fourth Win

But they were stopped, primarily

made it 15 victories in 17 starts, defeating the Milwaukee Braves 5-4 on pinch hitter George Shuba's run-scoring single in the eighth. The St. Louis Cardinals were held to a split in their double-header with Pittsburgh but took over second place by percentage points.

Has Tough Luck In Relay Races

PHILADELPHIA (AP)—Arnie Sowell headed back for his classes at the University of Pittsburgh today with nothing more than empty memories of what was to be his shining hour.

The versatile junior—already the favorite to win the 800 meters in next year's Olympics—wound up running in just one race in the Penn Relay Saturday and that was for a hopeless cause.

With Sowell handling the baton, the Panthers were figured to win both the distance medley and sprint medley relays. As it was, through wretched luck, Pitt drew a big blank, while Manhattan trotted off with three titles, and Villanova—which never had won one before in the 61-year history of the event—wrapped up two.

Here is what happened in the two races:

In the distance medley, one of Sowell's mates was spiked and the team had to drop out. Arnie, warming up on the sidelines, didn't even get a chance to run.

In the sprint medley, Ed Saunders, Pitt leadoff man, collided with another runner and dropped the stick. By the time he retrieved it, Pitt was out of the race. Sowell, on the anchor leg, was clocked in 1:49.1 for the half, fastest ever run in the carnival.

Villanova's two victories were engineered mainly by Charlie Jenkins, who anchored both the mile and spring medley teams. He had to come from behind in both to bring his team the titles.

CLOSE CALL

Louisville — (NEA) — Nashua, favorite for this year's Kentucky Derby, originally was ticketed to run in Europe by his late owner, William Woodward Sr.

through the efforts of the fast-balling Turley, who recorded his fourth win against no losses.

The Tigers' lone tally came in the second on a walk to Jim Delensing, an infielder and Frank House's single to center.

That tied the score 1-1. Joe Collins had put the Yanks into a 1-0 lead in the top of the second with a home run into the right center-field seats.

Turley personally put the Yanks ahead in the fifth, doubling to score Billy Hunter from first.

Moore And Valdes In 15-Rounder Tonight

By The Associated Press

Light heavyweight champion Archie Moore and Cuba's Nino Valdes, each yearning for a crack at heavyweight ruler Rocky Marciano, clash tonight in a nontitle 15-round bout in Las Vegas, Nev.

Both put up a loud holler when Marciano bypassed them in favor of England's Don Cockell. The two then agreed to battle it out so that the winner could put the pressure on the heavyweight champion for a September title bout.

The 38-year-old Moore, winner of 19 straight fights over a three-year span, is 2-1 favorite to beat the 30-year-old Cuban, now the No. 1 heavyweight contender, for the second time. Archie, a six-footer out-pointed the 6-3 Cuban giant in a St. Louis 10-round, March 11, 1953.

There will be no radio broadcast or telecast.

Ronnie Delaney, the once-beaten middleweight contender from Akron, is a 4-1 favorite to beat Virgil Akins of St. Louis in a 10-round at New York's St. Nicholas Arena tonight. A southpaw, Delaney has a 49-1-3 record. Akins' record is 26-13-1.

DuMont will telecast at 8 p.m., CST.

Brooklyn's Carmelo Costa, sixth-ranking featherweight contender, is a 4-1 choice over 22-year-old Tony Puleo, another Brooklynite, for their 10-round at Brooklyn's Eastern Parkway Arena. Puleo's record is 8-3-2. Costa, 20, has a 25-2-3 record.

ABC will telecast at 8 p.m., Est.

GLADSTONE

MARRIED 50 YEARS—Mr. and Mrs. August Goodman were honored at a dinner Saturday in observance of their golden wedding anniversary. The couple were married in Gladstone April 27, 1905 and spent their honeymoon in Sweden.

Goodmans Mark Golden Wedding

Mr. and Mrs. August Goodman, 703 Dakota Ave., well-known Gladstone residents, quietly observed their golden wedding anniversary on Saturday. A family dinner was served at the home of a son, C. A. Goodman, with immediate members of the family in attendance.

August Goodman and Olivia Olson were married April 27, 1905 in the Swedish Mission Church, now the Mission Covenant, with Rev. Martin, the pastor, officiating. They were attended by Lottie Goodman, sister of the groom, and Andrew Olson, brother of the bride. The day after their wedding they left for Sweden where they spent a three-months honeymoon.

For almost 40 years, since 1916, the family has resided in Gladstone after spending the early years of married life at Ensign.

There are six children in the family, all of whom were here for the observance. They are Myron of Gladstone, Clifford of Grand Haven, Mich.; Wilbert of Masonville, Clarence of Gladstone, Mrs. Doane (Virginia) Collins of Lansing and Mrs. Alcott (Dorothy) Erickson, Minneapolis.

Rock Resident Is Fined For Illegal Fishing

Neil Kivioja of Route 1, Rock, was fined \$25 and assessed court costs of \$7.40 when he pleaded guilty before Justice of Peace Arthur Burkman at Gwinnett to a charge of using an artificial light and spear in an effort to take fish on the Escanaba River.

Arrest in the case was made by Conservation Officers Glenn Price, Gilbert Larson and Robert Bezzi.

Bridge Club Ends Play; Losers Will Dine The Winners

A team captained by Bill Swenson defeated a team captained by Noble Swenson to win the championship of the Men's Bridge Club in a playoff last week. Each team had won one half of the split schedule.

Play in the finals was close, the outcome not being decided until the last table had completed play.

On the winning team in addition to Bill Swenson are O. C. D'Amour, Ross P. Davis, G. E. Dehlin, Myron Goodman, Fred Hoover, Eldon R. Keil, James T. Jones, Henry J. Miller, Hagle Quarnstrom, Fred Siebert and Howard Sundblad.

Losers included Noble Swenson, Henning Bjork, Tom Bolger, Elder D'Amour, Lewis N. Empson, Walter Erickson, Clarence Goodman, Edward Huesener, Dr. A. H. Miller, Einar Olson, Gale Wescott and Ben Chatfield.

The closing dinner will be held at the Round Lake Club May 14 with the losers as hosts.

Bootlegging Hit By Water Shortage

BEAUFORT, S. C. (AP)—A shortage of copper tubing, wood barrels and good water has driven moonshiners to the use of substitutes.

Sheriff J. E. McTeer reports that recent raids show galvanized pipe and steel drums being used in stills. The water shortage arose with the long summer drought, reducing the workable sites for stills and making them easier to find.
